

## PCS BPP

## Procedure

Welcome to the Arkansas  
Department of Finance and Administration  
Office of State Procurement's  
Lesson on Creating Contract Submissions  
in the web-based application known as  
**Professional Consulting Services (PCS)**

1.

## **Using this lesson:**

- This lesson will take approximately 10 minutes. You can pause each screen, as well as navigate to next and previous screens, using the VCR-like controls at the bottom of the screen.
- This lesson includes sound, but all of the information is printed on the lesson's screens, so it is not necessary to have sound. If you have sound but do not wish to hear it, click on the sound icon on the controls to mute.
- Use the Hide Steps buttons on the controls to either hide or unhide steps. Steps contain the same words as the screens and are printable.

2. (This screen refers to the use of the PCS training simulation.)

### **Starting the Professional Consulting Services (PCS) application**

Enter the Professional Consulting Services (PCS) website address in your web browser. PCS screen will appear. The web address will be provided to your agency when the application goes into production.

**3.**

Note the following before creating a contract submission in PCS:

- To move from field to field either tab or use your mouse to click into the next entry box.
- Once the initially displayed fields are entered, use the vertical scroll bar to navigate to additional fields.
- Required entries are marked with an asterisk.
- Use your mouse to hover over fields and field names for data entry tool tip.
- The Enter key acts the same as the submit button. Fields that are validated and found to have an error will be boxed in red, as well as produce an error message which can be seen by scrolling to the top of the form. Corrections must be made to the entries noted with errors in order to successfully submit the contract.

14. A calendar will also appear for selection of **Maximum Extension Date**. Select the year first, then the month and date. The Procurement Law allows a contract to be extended up to a total of 7 years.
15. Enter the dollar amount in the **Contract Amount** field. Do not use a dollar sign. Contract Amount is the total dollar value (compensation plus reimbursement) of the original contract. Note: Contracts that are exempt from review can still be entered in PCS for OSP review.
16. Select the appropriate checkboxes for **Funding**. Funding is the source of funds to pay for services rendered. Check all that apply. It is the agency's responsibility to ensure the funding codes are correct and that funds are available. Selections which include entries in the later Funding Detail section will require detail percentages if checked. Funding detail percentages must total 100%.

17. Select the either the radio button labeled “Yes” or “No” for the question field **Requires Legislative Review?** Non-exempt contracts over \$25,000 require Legislative Review. Other contracts may be reviewed upon request by checking “Yes.”
18. Enter up to 250 characters in the **Purpose of Amendment/Contract Summary** text box. Contract summary is the description of work and justification for spending money. Please give a brief description of the scope of work to be accomplished by the Contractor. Note: Entering more than 250 characters will produce an error message and disallow saving.
19. Go to the Funding Detail section.
20. Enter percentages in **% Funds** boxes for earlier selected funds. Designate in the spaces provided the percentage (up to 3 decimals) from Federal, State, Cash, Trust, and Other funds to be used in payment. Indicate the source of any Federal, Cash, Trust or Other Funds used. Do not enter the percent sign. Percentages must total 100%. Percentage entries must be entered for selections checked in Funding in the Contract Information area.
21. Enter text in **Federal Funds, Cash Funds, Trust Funds, and Other Funds** fields if appropriate to earlier Funding selections. ARRA funds should be listed under Federal.
